Weather report by...

Welcome:

Good evening, it's been a chilly day today, I hope that you are home nice and warm now!

Summary:
(~15 words)

It's going to stay quite cold, however it will remain mostly dry.

Tonight:
(Place, time,
temp, conditions)

Tonight in London will be... cold with temperatures dropping to below zero. There may be some frost overnight, as the sky stays clear. You might want to look out for the full moon!

Tomorrow:
(Place, time,
temp, conditions)

London's weather for tomorrow will be... cold in the morning with temperatures around about 5 degrees celsius. It will start to become cloudy later which should warm the temperatures up to about 10 degrees celsius. Make sure you take your coat with you! The afternoon will be overcast, with a slight chance of drizzle. There may be some blustery winds in the evening too.

Ending:
(Outlook?)
(Special Events)

The outlook for the rest of the week is... that it will stay cold and there will be some heavy downpours too.

If you are going to ...watch England at Wembly, then wear a thick jumper and an extra pair of socks as it will be cold, especially with a chilly wind.
